If the European war is maintained with its present violence for eighteen months the loss of life will be 4,000,000 and the property loss \$55,000,000,000. E. H. Gary, president of the American Steel and Iron Institute, said yesterday in addressing the annual meeting of that organization.

Last Saturday's registration in Lincoln yielded 2,181 republicans and 101 progressives. On the basis of 120,000 republican votes in the state, this proportion if carried out would give a total progressive vote of 5,400. This shows the chance the progressives have of electing their candidates, and yet they may, by voting for Sackett, defeat Howell and elect Morehead.

Fred Lundgren, employed at Del Titterton's ranch southeast of town was buried by a cave-in there one day last week. The cistern is located in the side of a hill and Lundgren was engaged in digging a trench twelve or fifteen feet deep for the purpose of piping to the tanks. The walls of the trench suddenly fell in, covering him with two or three feet of sand. Mr. Titterton was nearby and made haste to dig him out, and he managed to get the imprisoned man's head uncovered in time to prevent suffocation. Lundgren's head and shoulders were somewhat bruised as it was, and he considers himself fortunate in getting out alive.—Sutherland Free Lance.

Charged with Serious Crime

Suit was filed yesterday by County Attorney Gibbs against T. L. O'Hara, of Grand Island, charging him with obtaining money under false pretense. In the complaint it is alleged that the defendant traded a certain mortgage for \$1500 on real estate to complainant, Edward Noble, of this city, for valuable consideration. Defendant represented the mortgage to be a first mortgage and received a number of horses and some lots in exchange for it. Investigation, however, shows that it is a third mortgage and that the security was worthless. A warrant for the arrest of O'Hara was sworn out yesterday and Sheriff Salisbury left today for Grand Island to make the arrest.

Foot Ball at 3:30

The local eleven will clash this afternoon for the second game on the home grounds, with the fast Sterling bunch. The game gives promise of being a hard one as both teams are keyed up to the desired pitch to make a real foot ball game. The Sterling boys arrived this morning and they are a husky bunch, apparently outweighing the local boys. The locals have spent a week in hard practice and they will put up a different style of game than they have ever used before. There have been a few changes in the lineup owing to the fact that some of the second team men have developed into fast players.

Fell From Ladder

Frank Elliott, employed at The Hub department store, fell from a ladder yesterday afternoon and sprained both wrists very severely. He was working in the basement of The Hub putting up a stove. He went up on the ladder and was about twenty feet from the floor when the ladder skidded outward letting him fall. Luckily no bones were broken, but he will be laid up for some time. Both wrists were badly sprained and he was pretty badly bruised up.

Howard's Opinion of Morehead

Edgar Howard, of the Columbus Telegram, one of the best known progressive democrats in the state, in a recent article says in part: "He (Morehead) is campaigning under the man who led the Champ Clark corporation cohorts in their assault on President Wilson in this state in the spring of 1912 and it is fair to assume that in case of the reelection of Morehead the office of governor of Nebraska will be manipulated for another two years by the organized corporation cappers now so powerful in state affairs."

SMALL TOWN BOYS DRAW STIFF FINE FOR SPEEDING

Arthur Kallweit and Frank Harris were brought before Judge L. Walker Wednesday on the charge of speeding and they drew fines of twenty-five dollars and costs each. The boys were speeding down Dewey street and at the corner at First street the car turned turtle, pinning them both under the car. Luckily both escaped serious injury.

The car was seen by several and they stated that it was running at least forty miles per hour. They barely missed running down two women and nearly ran into a heavily loaded wagon. At the corner of First and Dewey streets they attempted to make the turn and seeing that they would run into the curb quickly turned the other way and the car turned completely over. Men rushed to the scene and pulled the young men out from under and found that Harris had suffered a badly bruised nose and Kallweit had his back wrenched. The car was damaged only slightly.

The young men had come to the city to procure a marriage license for Kallweit and starting south from the

Platte Valley state bank they were evidently seized with an insatiable desire to imitate an express train.

The men were arrested and after telling their troubles to Police Magistrate Walker were very much shocked not to say outraged, to find that driving through the streets at forty miles per hour was a misdemeanor and punishable by a fine. However, both stated that it was a well learned lesson, probably worth \$29.70 to each.
